

IKP INSIDER

September-October 2024

TOP STORY

IKMC2024: Celebrating 25 Years of Innovation, Visionaries, and New Initiatives

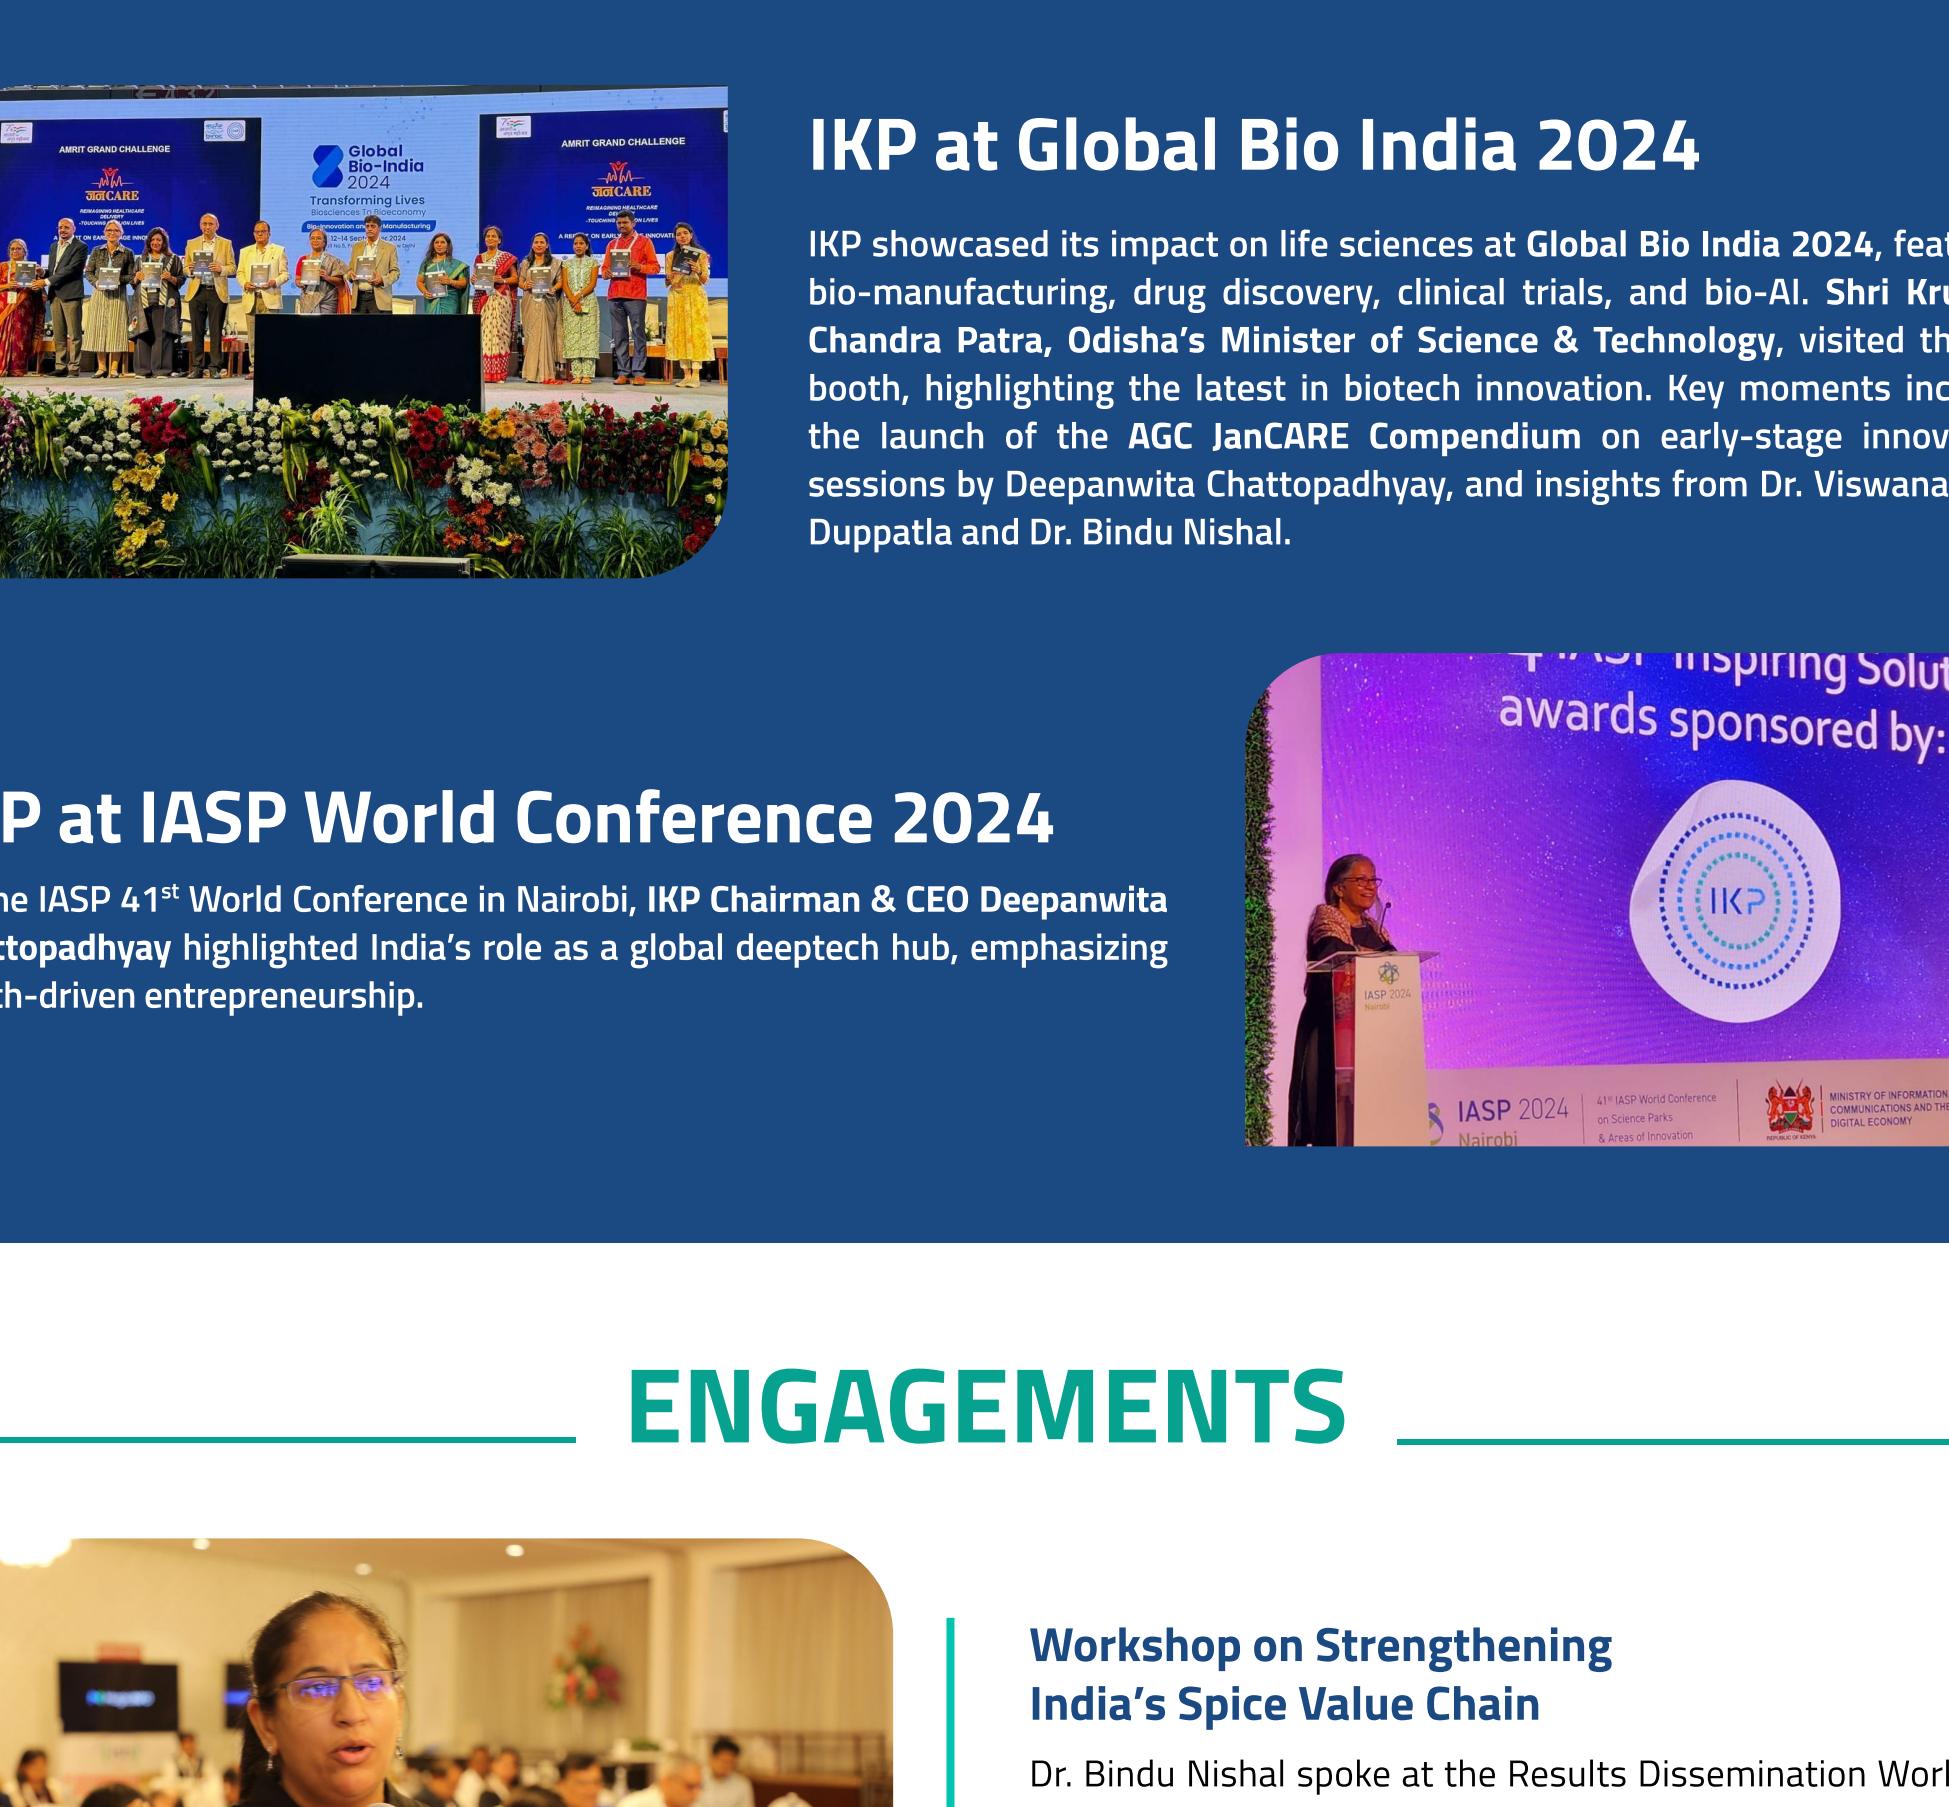

Marking its 25th anniversary, IKP Knowledge Park hosted IKMC2024 from October 26-28 at the Hyderabad International Convention Centre and Genome Valley. Themed "IKP@25: An Epic Rhapsody & The Next Symphony," the event celebrated IKP's evolution as a premier innovation hub in India, highlighting its significant contributions to the startup ecosystems.

The Startup Expo at IKMC2024 highlighted groundbreaking 140 innovations in Healthtech, Agritech, and Biopharma, celebrating visionary solutions with a series of prestigious awards. The Shaper Awards honoured 25 visionaries who shaped IKP's legacy, while the Future Forward Awards recognized startups like RYMO Technologies and Cartosense with significant investment. The RISE Awards showcased 55 innovative startups and entrepreneurs, and the Future Stars Awards celebrated ten innovators with funding prizes of INR 5 lakh each.

On the final day, IKP achieved a heartfelt milestone by renaming its administrative hub as **The Narayanan Vaghul Building**, dedicated to the visionary founder of IKP. The ceremony, led by Chairman & CEO Deepanwita Chattopadhyay, honoured Mr. Vaghul's enduring legacy and contributions to IKP's success.

In another significant move, IKP, in collaboration with USP, launched SheLeads in Science to empower women in STEM through mentorship and networking opportunities. The CXO Conclave, featuring IKP's key partners, spotlighted IKP's journey, future ambitions, and its focus on equity, collaboration, and sustainability.

IKMC2024 was a resounding success, celebrating IKP's 25-year journey while unveiling its ambitious vision for the future. The event cemented IKP's role as a catalyst for innovation, fostering groundbreaking research and empowering leaders in India's innovation ecosystem. Key roundtables and panels charted visionary paths, offering actionable insights and setting a transformative course for the biotech and innovation landscapes.

THE NEXT BIG THING

IKP's Biomanufacturing Vision

IKP unveiled plans for a state-of-the-art **Biomanufacturing Plant**, designed to advance microbial, mammalian, and cell and gene therapy production. Partnering with Koncepto Scientech and leading startups such as **Bycus Therapeutics**, **Vegen Therapeutics**, **Lamark Biotech**, **UR Advanced Therapeutics**, and **Inte-e-Labs**, the facility will be led by Dr. Viswanadham Duppattla and aims to revolutionize healthcare accessibility in India.

IKP-supported Newtrace Selected for Government's PLI Scheme
IKP-supported startup **Newtrace**, winner of the prestigious **Rise Award** at IKMC2024, has been selected for the **Government of India's PLI Scheme** under the **National Green Hydrogen Mission**. The company secured the maximum allocation of 30MW for its indigenously developed electrolyzer technologies, standing out in a competitive field of thirteen companies.

IKP-supported Brainsight AI Wins ET Award for Innovator of the Year
Brainsight AI, an IKP-supported startup, has been honoured with the prestigious **ET Award for Innovator of the Year**. The team received the award in the presence of **Honourable Minister Ashwini Vaishnaw**. Brainsight AI's cutting-edge technology creates detailed brain maps, empowering clinicians and researchers with critical insights for treatments and surgeries.

Alien Innovations bags Imagen Ventures Award by Generation Unlimited & UNICEF

Alien Innovations received the **Imagen Ventures Award** from Generation Unlimited and UNICEF, ranking among the top ten global innovators at **Global Incubation Week in Istanbul**. Their breakthrough device, NAVINAUT, transforms mobility for the visually impaired. Backed by Atal Incubation Centre, ALEAP WE-Hub, Meity Startup Hub, and IKP Knowledge Park, this milestone brings them closer to creating lasting impact.

STARTUP UPDATES

Trailblazing Startups Shine at Global Bio India 2024

IKP-supported startups shone at Global Bio India 2024. **Apramitha Innovations** won **Best Startup** for steroid-free chronic disease treatments, **GPS** for clean fuels tech, and **Inte-e-Labs** for recombinant protein advances. **Ripple Healthcare** unveiled an elderly fall protection innovation, **Tishyas Medical Devices** introduced MedevPlus for Optical Coherence Tomography (OCT), and **Revelations Biotech** launched biotech solutions for food, feed, and nutraceuticals.

Sai Life Sciences Gets SEBI Approval for IPO
Sai Life Sciences, supported by IKP Knowledge Park, has received approval from SEBI to raise at least **₹3,000 crore** through its Initial Public Offering (IPO), alongside four other companies. This marks a significant milestone for Sai Life Sciences as it takes a major step toward expanding its presence in the market. The IPO approval highlights the growing strength and innovation of companies within the IKP ecosystem.

Laurus Labs Inaugurates New API Manufacturing Facility

Laurus Labs Limited has unveiled its new **API manufacturing facility** in IKP Knowledge Park, Genome Valley, Telangana. Inaugurated by IT Minister Dr. Sridhar Babu Duddula, the state-of-the-art facility, **compliant with U.S. FDA standards**, strengthens Laurus Labs' global pharmaceutical reach.

IKP at Global Bio India 2024
IKP showcased its impact on life sciences at Global Bio India 2024, featuring bio-manufacturing, drug discovery, clinical trials, and bio-AI. **Shri Krishna Chandra Patra**, Odisha's Minister of Science & Technology, visited the IKP booth, highlighting the latest in biotech innovation. Key moments included the launch of the AGC JanCARE Compendium on early-stage innovation, sessions by Deepanwita Chattopadhyay, and insights from Dr. Viswanadham Duppattla and Dr. Bindu Nishal.

VIT Bhopal Students Visit IKP for Industrial Tour
IKP Knowledge Park hosted **VIT Bhopal** students for an industrial tour led by Dr. Mahendran Botlugu and Dr. ND Patel. The visit featured insights into emerging technologies, startups, and innovation, with highlights from Dr. Sudha Kalyani Bommaraju and a showcase of IKP's Life Science Facilities by Rajeswari Sepana and Anagha Sree.

IKP at IASP World Conference 2024
At the IASP 41st World Conference in Nairobi, IKP Chairman & CEO Deepanwita Chattopadhyay highlighted India's role as a global deep tech hub, emphasizing youth-driven entrepreneurship.

HealthTech Roundtable: Advancing the Future of Healthcare Innovation
The HealthTech Roundtable, organized by the International Startup Festival, brought together thought leaders, including Dr. Viswanadham Duppattla, to discuss **innovations in healthcare technology**. The session focused on digital health solutions, patient care advancements, and the future of medical technology, emphasizing collaboration to drive better outcomes for patients and the healthcare industry.

ECOSYSTEM UPDATES

IKP PRIME at TechBiz Workshop IISER Kolkata

The TechBiz Workshop, co-hosted by IKP PRIME and RISE Foundation, IISER on September 6-7, 2024, highlighted **innovation and IP management**. The event included a tech showcase, expert talks, an IP clinic, and a tech transfer workshop, with sessions led by IKP PRIME's Manish Kumar, Harshada Wadkar, Anuradha Barua, Dr. Vithal K. Lakkinen, and Dr. Sangita Majee. Dr. Bindu Nishal and Dr. Viswanadham Duppattla also shared startup mentoring insights.

Dr. Viswanadham Duppattla at CRISPR Workshop
Dr. Viswanadham Duppattla, delivered an inspiring talk at the international workshop on "CRISPR/Cas9 Technology – An Evolution of 21st Century Health and Environmental Sustainability," hosted by Konkunod Arts and Science College and the University of Westminster, UK. He emphasized the importance of understanding regulatory landscapes to unlock new career opportunities for researchers.

IP Awareness Workshop by IKP PRIME

Manish Kumar, RTPK, Senior Manager at IKP PRIME, led a workshop on "IP Awareness: Technology Commercialization from Idea to Impact" at the Women Entrepreneurship Development Programme, organized by Malla Reddy Institute of Dental Sciences and Malla Reddy Hospital in September.

HealthTech Roundtable: Advancing the Future of Healthcare Innovation
The HealthTech Roundtable, organized by the International Startup Festival, brought together thought leaders, including Dr. Viswanadham Duppattla, to discuss **innovations in healthcare technology**. The session focused on digital health solutions, patient care advancements, and the future of medical technology, emphasizing collaboration to drive better outcomes for patients and the healthcare industry.

VISITOR CHRONICLES

IKP Hosts Meghalaya Delegation for Innovation Capacity Building

IKP hosted 30 innovators, students, and officials from Meghalaya's agriculture, horticulture, and veterinary departments under the PRIME and Innokraft-led **Capacity Building for Innovation Management** program. The visit featured sessions on innovation management and IPR, a tour of IKP's Incubation and Analytical Service Facilities, and insights from Dr. Varunee Krishna Muppidi of Crystalmorphix Technologies.

ENGAGEMENTS

IKP-supported SheLeads in Science Empowers Women in Pharma

At IKMC2024, IKP Knowledge Park and US Pharmacopeia launched **SheLeads in Science** to empower women in science at IKP. IKP Chairman & CEO Deepanwita Chattopadhyay and USP VP Mrinal Jaywant highlighted the need for more women leaders in pharma. The initiative will provide **mentorship, training, and networking** to foster diversity, innovation, and career growth.

Workshop on Strengthening India's Spice Value Chain
Dr. Bindu Nishal spoke at the Results Dissemination Workshop for the "Strengthening Spice Value Chain in India" project by FAO, STDF, and Spices Board India, highlighting innovation's role in food security and urging Farmer Producer Organizations (FPOs) to adopt new technologies to enhance productivity and market access.

Women Leaders Driving Transformation

At the WLP-7 Programme at the Indian School of Business (ISB), Hyderabad, Dr. Bindu Nishal joined a panel of **women leaders** to discuss overcoming leadership challenges, addressing unconscious biases, and the **pivotal role of women in mid-senior leadership** in fostering innovation, digitalization, and cultural shifts in organizations.

IKP-supported Brainsight AI Wins ET Award for Innovator of the Year
Brainsight AI, an IKP-supported startup, has been honoured with the prestigious **ET Award for Innovator of the Year**. The team received the award in the presence of **Honourable Minister Ashwini Vaishnaw**.
